PROFESSIONAL SUMMARY

Passionate Computer Science Engineering student with interests in Data Structures and Algorithms, Java Full Stack Development. Strong problem-solving and programming skills with eagerness to contribute to innovative and collaborative projects.

EDUCATION

Gayatri Vidya Parishad College of Engineering (Autonomous)
B.Tech CSE – CGPA: 8.92

2023 – Present
Visakhapatnam, AP

TECHNICAL SKILLS

- **Programming:** Java, C, SQL.
- **Frontend:** HTML, CSS.
- **Backend:** Spring Boot, REST APIs.
- **Tools:** Git, GitHub, Postman, VS Code, IntelliJ IDEA.
- **Database:** MySQL, PostgreSQL.
- **Core CS:** Data Structures & Algorithms, Object-Oriented Programming, DBMS, Operating System.

INTERNSHIP

Artificial Intelligence Virtual Internship 
Infosys SpringBoard

Online
Dec 2025 – Jan 2026

- Learned basic Machine Learning and Artificial Intelligence concepts through hands-on practice.
- Collaborated with the team through daily meetings and project discussions.
- Collected, annotated, and preprocessed satellite and drone image datasets for AI model training.
- Developed and evaluated AI models for the AI-Driven Archaeological Site Mapping project.

PROJECTS

AI Customer Support Ticket Management System

 GitHub  Live Demo

Java, Spring Boot, PostgreSQL, Spring Security, Thymeleaf, Spring AI

- An AI-powered system to create, assign, and manage customer support tickets.
- Integrated Groq LLM to analyze tickets for category, priority, sentiment, and summaries.
- Implemented role-based access, ticket conversations, agent assignment, and admin dashboard.

EduEnroll – Online Student Course Registration Portal

 GitHub  Live Demo

Spring Boot, Spring Data JPA, Hibernate, MySQL, Thymeleaf

- Developed a full-stack portal for course registration and student enrollment management.
- Implemented role-based authentication and authorization for Admin and Student users using Spring Security.
- Built CRUD operations for students, courses, enrollments, and profile management.
- Integrated MySQL with Spring Data JPA and Hibernate for efficient data management.

ACHIEVEMENTS

- Solved 500+ DSA problems across multiple coding platforms, enhancing problem-solving and coding proficiency. **LeetCode** 
- Achieved a LeetCode rating of 1550+ through consistent performance in algorithmic and competitive programming.
- Led a team in the Smart India Hackathon (SIH), contributing to solution design, development, and teamwork.
